The Territory of Christmas Island is an Australian external territory in the Indian Ocean comprising the island of the same name. It is located approximately 350 kilometres (190 nautical miles) south of Java and Sumatra and about 1,550 ...

The tiny, reef fringed, Australian Territory of Christmas Island captured the imagination of wildlife lovers everywhere when Sir David Attenborough, one of the world's most respected naturalists, showed the world the extraordinary footage of millions of red crabs migrating to the ocean describing it as "one of the top 10 most memorable TV moments from his life's work".

Proven, long-lasting performer, OXADIAZON 2G controls weeds and grasses through the shoot and will not harm roots. For use in established Bermudagrass, St. Augustinegrass and Zoysia turf such as fairways, golf courses, parks, and lawns. Can be applied to both established and newly transplanted plants, and both actively growing or dormant plants.

After all, Christmas Island is a forgotten part of Australia. Four months of living here and everyone is friendly because there are less than 1,000 people living here.
