Where can the EcoPlant be found in Curacao?

The EcoPlant is a fully solitary power plant that can be placed in Curacao anywhere you like, such as the beach, parking lot, or even in your garden. The Windwokkel (TM) delivers enough energy for an average household in Curacao. It can easily be installed on your flat roof top or on any pole with a height between two to four meters.

How does Ecofarm Curacao operate?

Ecofarm Curacao operates as a distributor and has expertise in the areas of sun, wind, and storage. We work together with local installers on Curacao. After an inventory check, we will sit down with you to discuss your wishes and create an action plan.

Hardware. John used three Voltaic 3.5W Solar Panels to power the his Raspberry Pi Model A. Two panels generated enough power for the Raspberry Pi board, and the third panel supplied the battery with enough power for the Arduino to turned the Pi board on an off (if he did not turn the Pi board off between active uses, it would have required much larger solar panels).
