

# Argentina genesis solar

How much solar power does Argentina have?

Overall, Argentina's total installed power as of March stands at 43,874 MW, with solar energy sources covering 3.33% of the nation's energy needs, marking a significant milestone in its transition towards a more sustainable energy future. Loading...

What are the top solar companies in Argentina?

Notable brands include Huawei at 40%, SMA at 13%, and Schneider at 10%, showcasing the diverse array of technologies powering Argentina's solar energy revolution. In terms of total installed renewable capacity, Argentina boasts 16,782 MW, with large hydroelectric plants dominating at 64.5%.

When did solar thermal energy become a key energy source in Argentina?

Solar thermal energy in Argentina was already considered a potential key energy source in 1975, when a national R&D program for the development of solar energy and other renewables was launched, leading to numerous research programs (see next section) and the elaboration of norms and certification criteria for ST collectors.

Why is solar energy important in Argentina?

The north of Argentina experiences high levels of solar radiation and has the capacity to produce electricity and jobs for rural and underserved communities in the country. Unfortunately, there are several factors limiting the total deployment of renewable energy in Argentina.

How much solar power does Argentina have in 2023?

From pv magazine Latam According to the latest monthly report from Cammesa, Argentina's state-owned electricity market operator, the country reached a cumulative installed PV capacity of 1,366 MW at the end of December 2023. Cammesa also revealed that the country added around 262 MW of newly installed solar power in 2023.

Where are solar power plants located in Argentina?

More than half of the country's solar power capacity (766 MW) is located in the northwestern provinces of Argentina, including Jujuy, Salta, Tucumán and Catamarca; another 40% (512 MW) is provided by power plants from the Cuyo region, which encompasses the provinces of San Juan, La Rioja, Mendoza and San Luis in the west of the country.
