Which solar companies are getting a \$53 million discount?

State-owned China Xinhua Power Development has booked a \$53 million discount on seven solar farms as developer Kongsun seeks to pay down debts, and Canadian Solar has landed a 45 MWh energy storage contract in Colombia.

What does Colombia's new solar decree mean for the world?

Colombia's new decree includes requirements that energy communities must meet, such as rules on collective self-consumption and collective distributed generation. PV initiatives should be designed to last, as several well-meaning off-grid solar projects for the developing world have floundered over the years.

solar radio fix Receiving standard radio waves from Japan, China, the United States, Germany, and the United Kingdom About 9 months when fully charged About 2 years when power saving Full auto calendar function (until December ...
