## Avangrid renewables China

Avangrid has two lines of business: Networks combines the resources and expertise of eight electric and natural gas utilities with a rate base of \$10.7 billion serving approximately 3.3 million customers in New York and New England.; Renewables owns and operates a portfolio of renewable energy generation facilities across 24 states. It is one of the nation's largest ...

Renewable energy is electricity made on farms, ranches and ridgelines. Avangrid Renewables makes long-term agreements to site assets such as turbines, substations and access roads on local landowners' properties. We pay landowners for those rights, but we own those assets and so pay any local taxes accordingly.

Avangrid is also developing the New England Wind 1 and New England Wind 2 projects. Combined, New England Wind 1 and 2 offer the region 1870 MW of clean, reliable offshore wind power, enough to power nearly 1 million homes and reduce emissions by nearly 4 million U.S. tons, equivalent to taking 700,000 cars off the road annually.

As a leading sustainable company, Avangrid accelerating America's clean energy transition while securing the country's energy independence. Today, we serve the energy needs of families, businesses, and municipalities with more than 9 GW ...
