

# BESS tender price in Portugal 2030

Who won Portugal's new battery energy storage system tender?

(EUR 1 = USD 1.048) Aquila Clean Energy EMEA, the European renewable energy arm of German investment management firm Aquila Group, announced that it was among the winners in Portugal's latest battery energy storage system (BESS) tender, securing 40 MW across two projects.

How many projects were selected in Portugal's 2025 energy storage procurement?

A total of 43 projects were selected from 79 applications in Portugal's 2025 energy storage procurement. This included six projects from Spain's Iberdrola, which secured nearly EUR 20 million in public funding.

Does Portugal support battery energy storage projects?

Portugal has awarded grant support to around 500MW of battery energy storage system (BESS) projects, using EU Recovery and Resilience Plan (RRP) funding, a bloc-wide scheme that has supported energy storage across the continent.

How much money will Portugal spend on energy storage projects?

This included six projects from Spain's Iberdrola, which secured nearly EUR 20 million in public funding. Portugal's Ministry of Energy has announced that it has allocated EUR 100 million (\$104.2 million) to 43 energy storage projects which should be installed by the end of 2025.

Does Greenvolt have a BESS project in Portugal?

Greenvolt and Galp have both deployed 5MW BESS projects in Portugal in the past. In eastern Europe, Moldova is in the process of completing a bidding process for the procurement of a 75MW BESS and 22MW internal combustion engine (ICE) project, called the Moldova Energy Security Project (MESA).

What is a joint energy storage project between Portugal and Spain?

Portugal Spain Sweden Switzerland RoE. Prime Minister António Costa has announced today a "very important project" between Portugal and Spain for joint energy storage on the Iberian Peninsula, which will allow emergency situations - like the current energy crisis and the drought to be overcome - and which could also encompass storage of lithium.

Portugal has selected 43 winning BESS projects for a share of EUR100 million (US\$105 million) in EU grants while, on the other side of Europe, Moldova has launched a 75MW BESS procurement with funding from USAID.

Power sector regulators hold the keys to unlock the trillions of rupees of battery storage investment necessary for a flexible, affordable, and reliable grid.

The rapid growth rate of energy storage in the MENA region, led by the GCC, is surprising many analysts.

# BESS tender price in Portugal 2030

Saudi Arabia, in particular, is set to be the third biggest global BESS market after the USA and China in 2026.

Argentina's oversubscribed BESS tender draws record-low bids The Argentine Energy Secretariat has received significantly more bids than expected for its public call to ...

Principal buyer Saudi Power Procurement Company (SPPC) has prequalified firms that can participate in the tender for the first phase of its independent battery energy storage system (bess) projects in Saudi Arabia. Interested companies, ...

Battery energy storage systems (BESS) are revolutionising the green energy industry with their potential to harness and utilise renewable energy sources more efficiently. BESS offers not only environmental benefits but also lucrative ...

Levelized Cost of Storage for Standalone BESS Could Reach INR4.12/kWh by 2030: Report Battery energy storage system based on low-cost lithium-ion batteries can enable India to meet the morning and evening peak ...
