

Centiel cumulus power Nauru

What is cumuluspower TM?

CumulusPower(TM) is a Swiss-made Three-Phase,4th Generation Modular UPS system which offers industry leading "9 nines" availability and lowest total cost of ownership. CumulusPower TM is comprised of modules with power of 10,20,25,50 and 60 kW,which can be accommodated in single racks with total power ranging from 20KW to 600kW.

Why should you choose cumuluspower TM modules?

Thanks to our long experience in module-design, the Cumuluspower TM modules are equipped with all hardware (power circuits) and all software (intelligence and monitoring) functions, which make them fully independent and capable of safely isolating themselves from the multi-module system whenever an internal fault occurs.

Where is centiel based?
