

Enterprise ESS system cost vs benefit calculation in Greece

What are employee benefits in Greece?

Employee benefits represent a significant portion of payroll costs in Greece. Mandatory benefits are fixed costs, while supplemental benefits add flexibility to compensation packages. Employers can manage costs by offering tailored benefits that meet employee needs while optimizing expenditures.

What are the mandatory benefits in Greece?

Here's a comprehensive list of mandatory benefits in Greece: In Greece, both employers and employees are required to contribute to the social security system, which funds various benefits including pensions, healthcare, and unemployment insurance.

Do employers contribute to social security in Greece?

In Greece, both employers and employees are required to contribute to the social security system, which funds various benefits including pensions, healthcare, and unemployment insurance. Employers contribute approximately 22.29% of an employee's gross salary, while employees contribute about 13.87%.

What are the benefits of working in Greece?

This ensures a baseline standard of living for all employees. Employees in Greece are entitled to additional bonuses, including a full month's salary as a Christmas bonus and half a month's salary for both Easter and summer vacation. These bonuses are mandatory and provide additional financial support during significant times of the year.

Are meal allowances a supplemental benefit in Greece?

Providing meal allowances or vouchers is a common supplemental benefit in Greece. While not legally mandated, offering meal allowances can enhance employee satisfaction and well-being by reducing daily expenses. Offering a company car is a valued benefit, especially for roles that require frequent travel.

How do wage tables work in Greece?

Each year, the Greek government (in collaboration with the syndicate unions) announces special wage tables for each working position. These tables (taking into account factors such as the employees' prior working experience, marital status, and certified knowledge) estimate the minimum legal salary that should be paid by the employers.
