

Fiji ormat technologies inc

What is Ormat Technologies?

Ormat Technologies, Inc. is a leading geothermal company with over five decades of experience and the objective of becoming a leading global provider of renewable energy. With a focus on geothermal and recovered energy generation (REG), Ormat Technologies is the only vertically integrated company in this field.

When did Ormat Technologies go public?

In 2005, Ormat sold its shares in the company. In 2004, Ormat Technologies completed an initial public offering on the New York Stock Exchange raising \$100 million. Ormat Technologies was founded in 1994 as a US subsidiary of Ormat Industries.

Why should you choose Ormat?

Clean, reliable energy solutions provided from geothermal power, recovered energy, as well as energy storage solutions, is our expertise, commitment and focus. Built on ingenuity and proven experience, Ormat is recognized globally for developing state-of-the-art, environmentally sound power solutions.
