

Government procurement price of solar with battery in Peru

Will solar power lower energy prices in Peru?

"We are going to be able to lower energy prices and take that difference to the most humble homes," he stated during a press conference. Peru held its last and fourth renewable energy auction in 2016, when it awarded 185 MW of solar PV projects at an average price of US\$48/MWh, with the winners being Enel Green Power Peru and Enersur.

How much money will the Peruvian government invest in pv magazine?

She joined pv magazine in May 2017, where she manages the Spanish newsletter and website and helps write and edit articles for the daily news section in Latin America. Through two different auctions, the Peruvian government expects to mobilize investments of around \$2 billion.

How much does Enel & Enersur cost?

Enel won a contract to supply 415 GWh annually at a price of \$47.98/MWh, which it covered with its 144 MW PV project, and Enersur was awarded a contract to supply 108 GWh annually at a price of \$48.50/MWh, which it met with its 40 MW Intipampa PV project.
