Clear Fork. Clear Fork has drilled conventional, shallow sands and limestones on the Eastern Shelf for decades. In late 2012, the company was producing around 1,000 bbl/d, watching as Permian shale players started to apply unconventional drilling techniques to the conventional reservoirs on the Shelf.. But it was the company's horizontal Strawn wells--the ...

Auch die SPIE SAG GmbH in Lenne-Sieg, Deutschland setzt bei Ihren Rohrleitungsbau Projekten auf grünen und nachhaltigen Sonnenstrom, welcher direkt auf ihren Containerdächern produziert wird.

About the Event. Energy Investment Opportunities Abound. With oil and gas back in favor as higher commodity prices equate to stronger returns among oil and gas producers and the exponential growth seen in low carbon fuels and renewable power, our Energy Capital Conference will lead the discussion on the importance of investing in American-made energy ...
