

Heliatek develops, manufactures, and markets industrial-grade organic PV solar solutions for any building surface (horizontal, vertical, curved, rigid, and flexible). Heliatek is a ready-to-use solution, ideal for retrofitting existing buildings.

Bei Heliatek haben wir nicht nur organische Photovoltaik-Materialien von Grund auf neu entwickelt, sondern auch die erste Massenproduktionsstätte an unserem Hauptsitz in Dresden, Deutschland, aufgebaut. Wir verwenden keine begrenzten Rohstoffe und Seltenen Erden und sichern so eine robuste Lieferkette, die geopolitischen Instabilitäten ...

The goal: expanding solar power's reach beyond flat land. "There is a huge market where classical photovoltaics do not work," says Jan Birnstock, Heliatek's chief technical officer. Organic photovoltaics (OPVs) ...

Please contact Heliatek about the availability of modules in the shown power classes.

Unser Management Team. Hinter Heliatek steht ein Management-Team aus international anerkannten Experten in der Licht- und Halbleiterindustrie mit beeindruckender Expertise und langjähriger Erfahrung.

Heliatek ist der weltweit anerkannte Marktführer in der organischen Photovoltaik. Seit der Gründung hat Heliatek sein Know-how kontinuierlich ausgebaut und mit über 450 Patenten geschützt. Zu den Patenten gehört der Schutz von organischen Solarzellen mit unseren eigen entwickelten Absorbermolekülen, sowie dem besonderen Zelllayout.

Heliatek | 17.635 Follower:innen auf LinkedIn. INDEPENDENT. GREEN. FUTURE. Grenzenlos Sauberer & Grüner Strom überall | Als der Technologieführer in der organischen Photovoltaik entwickelt, produziert und vertreibt Heliatek organische PV-Solarlösungen industrieller Größe für nahezu jede Gebäudeoberfläche (horizontal, vertikal, gebogen, starr und flexibel).

The management team behind Heliatek is made up of internationally recognized experts in the lighting and semiconductor industry with impressive expertise and many years of management experience. Chief Executive Officer - Guido van Tartwijk. Born in the Netherlands, Guido van Tartwijk holds a PhD in Physics and has more than 20 years of ...

# Helia tek gmbh Togo

Heliatek stands for innovative solar films that transform buildings all over the world into clean energy generators. We set the highest standards for the quality of our products and the sustainability of our actions.

Heliatek develops lightweight organic PV module for low load-bearing roofs, facades: German organic PV manufacturer Heliatek has announced a new series of lightweight modules. The Heliasol 436-2000-CFE-45-600V panels are IEC 61215 and IEC 61730 certified and have a 20-year lifetime warranty. #Renewables #Energy #Technology

In den vergangenen Jahren hat Heliatek viele Awards und internationale Auszeichnungen gewonnen. Gewürdigt wurden unsere herausragenden Forschungsleistungen und Innovationen in den Bereichen Technologie und Produktentwicklung. Die Auszeichnungen sind Ausdruck der Einzigartigkeit unserer innovativen Solarlösungen. Sehen Sie hier eine Auswahl ...

Heliatek General Information Description. Developer and manufacturer of organic photovoltaic (OPV) products intended to push the limits of organic electronics. The company's organic photovoltaic (OPV) products include OPV films for building photovoltaic products for automotive applications and use roll-to-roll processes in a vacuum and inert atmospheres to manufacture ...

The management team behind Heliatek is made up of internationally recognized experts in the lighting and semiconductor industry with impressive expertise and many years of management experience. Chief Executive Officer - Guido van ...

Guido van Tartwijk ist seit 2018 Chief Executive Officer (CEO) der Heliatek GmbH, dem führenden Anbieter organischer Photovoltaikfolien. Er wurde 1967 in den Niederlanden geboren, hat einen PhD- und MSc-Abschluss in theoretischer Physik und verfügt über umfangreiche Erfahrung darin, zukunftsweisende Innovationen schnell in den Massenmarkt ...

As the technology leader in organic photovoltaics, Heliatek develops, produces and distributes industrial-grade organic PV solar solutions for virtually any building surface (horizontal, ...

Siemens Energy hat ein wegweisendes Solarprojekt an seinem Transformatorwerk in Nürnberg, Deutschland, realisiert. Mehr als 150 Heliasol Solarfilme wurden direkt an den oberen Teil der Fassade einer Produktionsstätte geklebt. Innerhalb eines beeindruckenden Zeitraums von drei Tagen im September 2023 abgeschlossen, unterstreicht ...

This technology has been developed by Heliatek GmbH (Dresden, Germany) over the past decade and has been commercialized as Heliatek's organic solar film product HeliaSol®. With a carbon footprint of less than 10 g CO<sub>2</sub> e/kWh, the HeliaSol® films are the greenest of all solar technologies, having a Carbon Payback Time of less than 100 days.

Heliatek GmbH, the leader in organic solar films, today announced a record breaking 12.0% cell efficiency for its organic solar cells. This world record, established in cooperation with the University of Ulm and TU Dresden, was measured by the accredited testing facility SGS. The measurement campaign at SGS also validated the superior low light ...

Heliatek's key innovation, HeliaSol, is a nontoxic, ultra-lightweight and ultra-flexible solar film suitable for covering curved and irregular surfaces. "What differentiates [HeliaSol] from traditional photovoltaics is that it can cover ...

Heliatek GmbH is receiving US\$ 27 million (EUR 18 million) in a second round of financing under the lead of the pan-European venture capital firm Wellington ... Read news . 12-Dec-2006 | business & finance .  
Novaled licenses its technology for solar cells. Novaled AG and Heliatek GmbH, a company dedicated to organic based photovoltaic, have ...

Welcome to our contact area! We look forward to helping you with your request. Whether you have questions about our products, would like to become a Heliatek partner or have a specific project that you would like to implement with our solar films. Select the topic that suits you best and get in touch with us.

Heliatek ist ein deutsches Unternehmen mit Hauptsitz in Dresden. Es entstand 2006 als Start-up-Unternehmen als Spin-Off des Dresden Integrated Center for Applied Physics and Photonic Materials (IAPP) der TU Dresden und der Universität Ulm. [1] CEO der Heliatek GmbH [2] ist seit November 2018 Guido van Tartwijk. [3] [4] Das Unternehmen ist in Dresden ansässig, mit ...

The goal: expanding solar power's reach beyond flat land. "There is a huge market where classical photovoltaics do not work," says Jan Birnstock, Heliatek's chief technical officer. Organic photovoltaics (OPVs) such as Heliatek's are more than 10 times lighter than silicon panels and in some cases cost just half as much to produce.
