The ventilated facade system improves the energy coefficients of the buildings by the air space that is created in the construction system. The energy coefficient of the building is improved by about 30% by this air gap which creates a chimney effect that will limit the impact of heat in summer and cold in winter.

The Isle of Man (Manx: Mannin, also Ellan Vannin ['eljan 'vanInj]) or Mann (/ m æ n / man), [11] is a self-governing British Crown Dependency in the Irish Sea, between Great Britain and Ireland is one of the Celtic nations and is the homeland of the Manx people, a Celtic ethnic group.As head of state, Charles III holds the title Lord of Mann and is represented by a Lieutenant Governor.
