KORE Power's first tier of KAMS Services is the monitoring level. This included 24-hour notification response, historical reports, and email notifications. The Monitoring tier is great for customers looking for just that--monitoring of their systems--but they opted to limit additional services because their needs did not require them.

January 11, 2024, COEUR D'ALENE, ID - KORE Power has launched two all-in-one DC Block products for the energy storage sector. KORE is now offering a 750 kWh LFP DC Block and a 1.3 MWh NMC DC Block, bringing scalable battery energy storage systems (BESS) that can be configured for a variety of applications, delivered to site fully assembled ...
