The team at MegaTech have even gone as far as to trial the Cube 800 at their Eenhana branch, where the entire showroom is run on the system. The Cube 800 comes with a pre-programmed inverter, pre-connected batteries, a battery management system and a 6kW inverter with 6500 W MPPT, and comes in a neat and compact design, which can easily be ...

A key component of Megatech's business is electrification. Renewable Energy is complimentary to this when looking at the larger Southern African landscape as well as the local landscape in Namibia. A large portion of Namibia does not have access to the electrical grid, creating need for decentralized systems (including storage).
