

Sichern Sie die RACLAN-Box gegen unbeabsichtigtes Einschalten. GEFAHR Gefahr von tödlichen Verletzungen durch Explosion! Durch die Reaktion des Lithium-Ionen-Akkumulators mit dem Sauerstoff kann Wasserstoff entstehen. Lassen Sie nach einem Brandereignis die RACLAN-Box geschlossen. Nach einem Brandereignis ist die RACLAN-Box aufgrund der Gift-

Our new RACLAN SQUARE box on ships or in harsh conditions. Our new RACLAN SQUARE Box offers users who need lithium-ion batteries with a capacity of up to 3.5 kWh on ships or in harsh conditions such as: in forestry, ...

RACLAN is a by TÜV Nord tested charging and storage box for lithium batteries. It consists of a non-flammable composite and is equipped with a pressure-free extinguishing system. If the battery or the charger catches fire, the integrated sensors detect this immediately and sound the alarm. At the same time, a special, environmentally friendly ...

San Francisco approved the RACLAN Box to help e-bike shop owners comply with new e-bike safety ordinances. The San Francisco Fire Code requires a fire barrier or battery cabinet when charging five or more battery ...

De Raclan box neutraliseert deze gassen door de ingebouwde koker die de gassen naar buiten drukt. In de koker zitten kamers die ieder een eigen karakteristiek hebben en de rookgassen reinigen, tot een niveau waarop ze niet meer schadelijk zijn voor onze gezondheid. De blusinstallatie in de box is het tweede element wat deze box bijzonder maakt.

Rainer 12 October, 2024 Our new RACLAN SQUARE box on ships or in harsh conditions.
