

Palau hydroma inc

What is Hydroma and how does it work?

Hydroma is a company that started the world's first electricity production from natural hydrogen without any CO2 emissions via direct combustion. For more than 7 years, this pilot project supplied the village of Bourakebougou with electricity.

When did Petroma Inc become Hydroma Inc?

Petroma Inc becomes Hydroma Inc in 2019. Natural hydrogen is included in the German national hydrogen strategy. Chapman Petroleum Engineering publishes the NI 51 101 report on the estimated reserves of Hydroma Inc's natural hydrogen reserves in 2020.

What is hydroma & PCA doing in Africa & Canada?

Back in December in Washington DC, Hydroma Inc and PCA signed a Memorandum of Understanding (MoU) to develop a green and natural hydrogen project portfolio in Africa and Canada! Check out the details on our Website on the link below: #H2 #greenhydrogen #naturalhydrogen #Hydroma #PegasusCapitalAdvisors #MoU #partnerships

What is Petroma doing in Mali?

Petroma, in collaboration with several international experts, carries out a passive seismic campaign, airborne surveys in gravimetry and magnetism, as well as geophysical and geochemical campaigns in Mali. In 2011, Petroma conducted the first campaign of stratigraphic drilling in Mali with 2 wells, each over 2000 and 2400m deep.

Hydroma Inc is specialized in natural and green hydrogen project development with a strong presence in Canada and West Africa through multiple subsidiaries. A leader in the energy transition. Hydroma supports the emergence of a carbon-free economy based on clean hydrogen in West Africa, in Canada and internationally to : ...
