

Palladin power Rwanda

Where is Paladin power located?

Paladin Power is located in California and desires to manufacture this new technology, including the battery in California for the National and Global markets. Paladin Power has recently acquired a proprietary inverter technology for penetrating the residential market.

What is Paladin power TM?

Paladin Power TM is a leading residential and commercial energy storage solution (ESS). The Paladin Power TM ESS is a revolutionary technology that combines elegant design with unparalleled performance, and can power every circuit in a home so homeowners no longer have to compromise their lifestyle.

Is Paladin power TM ESS safe?

Paladin Power TM ESS is battle-tested, making it one of the safest batteries on the market. Its design takes all or most of your loads away from the grid, not just a few critical loads. Assuming your inverter capacity is sized correctly, Paladin is a complete grid replacement.

What is Paladin power's new inverter technology?

Paladin Power has recently acquired a proprietary inverter technology for penetrating the residential market. This new inverter is a stackable, scalable inverter that is a string inverter, and battery inverter all-in-one.
