

Peru intersect power

Who is intersect power?

Intersect Power is a clean energy company bringing innovative and scalable low-carbon solutions to its customers in retail and wholesale energy markets. Intersect Power had the honor of serving as the presenting sponsor for the 2024 'Reading with RUCKUS' literacy education program, in partnership with the Amarillo Sod Poodles!

Will Google & intersect power co-locate a data center?

Together, Google, Intersect Power and TPG Rise Climate will develop industrial parks with gigawatts of data center capacity in the U.S., co-located with new clean energy plants to power them. The first phase of the first co-located clean energy project is expected to be operational by 2026 and fully complete in 2027.

What is intersect power partnering with Google & TPG rise climate?

Intersect Power is partnering with Google and TPG Rise Climate, a subsidiary of private equity firm TPG, to drive up to \$20 billion in renewable power infrastructure investment to power new data centers and scaling clean energy generation by the end of the decade, the companies said last week.

What will Google do with intersect power?

When Intersect Power builds new clean energy assets in regions and projects of interest, Google will be able to provide power offtake as an anchor tenant in the co-located industrial park that would support data center development.

Intersect Power had the honor of serving as the presenting sponsor for the 2024 "Reading with RUCKUS" literacy education program, in partnership with the Amarillo Sod Poodles! This initiative is dedicated to fostering literacy and educational engagement among local students by offering incentives as they achieve specific milestones. To ...
