

Pitcairn Islands massive batteries

The earliest known settlers of the Pitcairn Islands were Polynesians who appear to have settled on Pitcairn and Henderson Islands by at least the 11th Century, [1] and on the more populous Mangareva Island 540 kilometres (340 mi) to the northwest, for several centuries. These first inhabitants may have maintained a trading relationship with Mangareva, in which they ...

Same-sex marriage became legal in the Pitcairn Islands on 14 May 2015; however, none of the around 50 Pitcairn Islanders currently residing in the territory is known to be in a same-sex relationship. [5] [6] An ordinance to legalise such marriages was unanimously approved by the Island Council on 1 April 2015, and was signed by Governor ...

Discovery of Pitcairn Island . Captain Philip Carteret first spotted Pitcairn Island in 1767 but couldn't land due to rough seas. He miscalculated its location, marking it miles away from its true position. Years later, Captain Cook showed some interest, but it wasn't until the Bounty mutineers arrived in 1790 that the island gained attention.

In 1831, with the population growing too big for the island - there were 87 people - the British attempted to move all the islanders to Tahiti, but they were soon returned to Pitcairn Island. The island became an official British colony in 1838 and in 1856, the British again determined that the population of 193 was too high and relocated all ...
