

PSW power and automation British Virgin Islands

Who is PSW Power & Automation?

PSW Power & Automation delivers complete solutions within electrification and renewable energy. The company specializes in the design and integration of ESS and electrical power systems, electrical infrastructure, energy storage and energy control. While onshore power supply (OPS) has been around for some time, its availability is still limited.

Does PSW Power & Automation decarbonise construction?

PSW Power & Automation's mobile DC fast chargers decarbonise construction. PSW Power & Automation delivers mobile DC fast chargers for heavy machinery, helping to decarbonise the construction industry.

What is a PSW battery pack?

The battery pack is one of several innovations by PSW, which delivers complete solutions within electrification and renewable energy. Among these are mobile batteries and mobile DC fast chargers for zero-emission construction sites.

The share price of Hollysys Automation Technologies Ltd (British Virgin Islands) - ADR is \$26.48 (NASDAQ) as of 25-Jul-2024 18:59 EST. Hollysys Automation Technologies Ltd (British Virgin Islands) - ADR has given a return of 19.71% in the last 3 years.
