

Rooftop solar battery project financing options in Estonia 2026

Are solar roof modules a good investment?

"Solar energy is one of the main pillars of the worldwide transition to green energy. The dedicated team at Roofit.Solar has proven that the combination of solar roof modules with practical software is not only efficient and profitable but also has the potential for exponential growth.

How much funding does roofit solar have?

The startup has just secured EUR6.45 million in a funding round led by BayWa r.e. Energy Ventures and EdgeCap Partners. To date, Roofit.Solar has raised a total of EUR17 million in the various equity funding rounds and an additional EUR2 million in grant funding.

What is roofit solar?

Roofit.Solar, an Estonian-based GreenTech scale-up, has successfully raised 6.45 million euros in a financing round led by BayWa r.e. Energy Ventures and EdgeCap Partners. The company plans to use the funds to boost production capacity and expand distribution, meeting the rising demand for rooftop solar across Europe and beyond.

Is roofit a good choice for a solar roof?

Furthermore, we strive to be the go-to choice for the traditional roofing industry looking to transition to solar," says Andres Anijalg, CEO and co-founder of Roofit.Solar. Roofit.Solar building-integrated (BIPV) metal solar roofs enable homeowners to generate solar energy, lower their electricity bills and combat climate change.

How much solar power does Estonia have per capita?

Estonia ranks 6th among EU members in solar power per capita, with 596 watt per capita in 2022, up from 405 in 2021. Interested in investing in Estonia?

Can a solar roof be installed on a building?

The roofs can also be installed on historical buildings, making solar possible for all buildings and removing any barriers to joining the solar movement. Greg Zavorotniy, Investment Director at BayWa r.e. Energy Ventures: "Solar energy is one of the main pillars of the worldwide transition to green energy.

Estonian GreenTech scale-up Roofit.Solar has tripled its revenue, doubled production and raised EUR6.45M in financing to further increase production capacity and expand distribution of its building-integrated metal solar roofs.
