

Russia solar battery box

Is Russia a good place to make solar panels?

Russia is one of the top countries in terms of renewable energy production. It is one of the top producers in the EU and the rest of the world. Therefore, there is a wide array of equipment suppliers and distributors in and out of Russia for those looking to make solar installations.

How much solar power does Russia have in 2020?

The Russian government tendered another 500 MW of solar capacity in 2020. This is just one part of the country's continued effort to deploy solar energy systems and reach its target of 7 GW in solar energy by 2035.

Where to invest in solar power equipment in Russia?

For those looking to invest in solar power equipment, Russia is home to a vast logistics industry and they have several major seaports. The major seaports in Russia are Saint Petersburg, Vladivostok, Novorossiysk, Kaliningrad, Sosnogorsk, Privolzhsky, Pavlovsk, and Pyatigorsk. The aforementioned are some of the busiest ports in Russia and in Europe.
