Who are the best solar installers in Florida?

According to solar shoppers on the EnergySage Marketplace, the top five solar installers in Florida are Demand Construction, Solar Optimum, Affordable Solar, Roof, & Air, BeeGreen Solar & Roofing, and Transform Solar. How many solar companies are in Florida? Should you choose a local or national solar installer?

What are the best solar services for my home in Florida?

For the best solar services for your home in Florida, turn to SALT Energy and their experienced and knowledgeable energy consultants. They will design a solar energy system that will meet your energy needs based on your current use.

How many solar installers are there in Florida?

As the third most popular state to go solar, it should come as no surprise that Florida is home to more than 200 solar installers, all offering different products, warranty packages and customer service. While it's great to have options for your installer, having so many can quickly make deciding which one is best a real challenge.

Is Florida a good place to install a solar system?

After all, it is called the Sunshine State. On average, Florida receives about 230 days of sunshine each year and 5 to 6 peak sun hours daily. Florida is known to have a lot of stormy weather, but this is considered when your solar installer designs your system so it will still meet your energy needs.

What are the best Solar Lease companies in Florida?

Plus, SunPower guarantees the energy output from the system you lease, which is an additional protection that other companies don't always provide. Sunrun is another big name you'll likely come across when researching solar leases in Florida.

How much energy does a Florida Solar System use?

(It's likely from cranking that air conditioning all summer!) The average Floridian installs a 11.5 kilowatt-hour (kWh) system to offset their energy needs compared to the average American who only needs a 9 kW solar panel system.
