

Spain have energy solutions

HAWE Energy Solutions specializes in the design and assembly of hydraulic pitch and brake systems for wind turbines. Our global aftermarket team experts can tailor Spare parts and...

HAWE Hydraulik - Solutions for a World under Pressure HAWE Hydraulik SE focuses on the power density of hydraulics with its efficient and compact drive and control solutions. This technology can be used universally thanks to electronic control, modern interfaces and flexibility in terms of the drive type used.

Integrated solutions combine different functions or modules within a single system. They are designed and optimised to ensure seamless interaction and enable data transfers between the various components.

This provides the sector with several solutions to the aforementioned challenges: (i) energy storage technology has the potential to relieve the grid's congestion by ...

HAWE Energy Solutions specializes in the design and assembly of hydraulic pitch and brake systems for wind turbines. . It was also active in the aftermarket with a large portfolio of ...

HAWE Energy Solutions A/S HAWE Hydraulik Denmark A/S ... HAWE in Spain HAWE Hidraulica S.L.U. Partner products Jobs in Spain HAWE in Sweden ... Established partners of HAWE Mattro have already developed solutions for various industries and also across industries. Here we present some of them with their ROVO-specific add-ons.

HAWE Energy Solutions A/S, based in Albertslund, Denmark, was founded on March 16, 2022, and continues the FSE division acquired from Fritz Schur Technical Group. With FSE (formerly ...

Hydraulic control systems perform important tasks in the operation of wind turbines, both onshore and offshore, and make an important contribution to increasing turbine availability with intelligent and durable system solutions. HAWE's hydraulic solutions are ...

Wind energy is the energy of the future for meeting climate targets. Benefit specifically from the power of nature. With HAWE Hydraulik - your competent partner for modern, efficient and durable hydraulic solutions in all areas of the wind power industry.

"With the opening of the plant in Kaufbeuren ten years ago, we laid the foundation for the further development of our business," says Christof Gilnhammer, Chief Operations Officer (COO) total, HAWE has invested a three-digit million sum in the site over the last decade, primarily in state-of-the-art production facilities and buildings.

Spain have energy solutions

Whenever hydraulics are used to move the big things: HAWE is there. HAWE Energy Solutions specializes in the design and assembly of hydraulic pitch and brake systems for wind turbines. Our global ...

Electrification solutions for mobile machines Solutions for wind turbines Powerful drives for hydraulic tools Hydraulic drives for dental chairs HAWE Tech Podcast Why pump-controlled drives have small tanks and long oil change intervals? How data exchange and communication works in mobile machines?

Whether you are looking for solutions for brake control of wind turbines, tracking systems for solar plants, or turbine control in hydropower plants, you will receive competent advice in our ...

A gear oil pump in a wind turbine plays a crucial role in maintaining the efficiency and longevity of the gearbox. With the proper motor oil pump, your wind turbine operates smoothly and reduces the maintenance cost and down time.

HAWE HIDRAULICA, S.L.U. covers sales in the Iberian Peninsula (Spain and Portugal) and also in South America (since 2002). Services include 2D and 3D-CAD system design, logistics, ...

HAWE Energy Solutions A/S HAWE Hydraulik Denmark A/S ... HAWE in Spain HAWE Hidraulica S.L.U. Partner products ... Turbines and generators in hydroelectric plants should be able to convert up to 90% of flowing water's kinetic energy into electricity. HAWE Hydraulik's reliable and durable hydraulic components help you achieve this level of ...

Mattro GmbH, founded in 2005 and located in Schwaz, Tyrol, has been part of the HAWE Group since May 2019. In 2021, the company was renamed HAWE Mattro GmbH. HAWE Mattro GmbH is a specialist when it comes to the topic of electrification of mobile machines as well as the associated hydraulics.
