Who is Solar Center Mauritius?

SOLAR CENTER MAURITIUS is the only expert in photovoltaic solar energy in Mauritius for over 15 years.) We are more specialized in rooftop solar installations: houses, offices, commercial buildings, agricultural buildings, warehouses, ... All our design office engineers and site managers have been trained in France with the QUALI PV. distinction.

Are solar panels a good investment in Mauritius?

**Tax Incentives:** In Mauritius MRA offers tax credits to encourage the adoption of solar energy. These incentives can help reduce the upfront cost of installing solar panels, making them more financially attractive.

**Low Maintenance:** Solar panels are relatively low maintenance.

What can I do with my electric car in Mauritius?

Your electric or hybrid car can also act as an additional battery storage. Sell your electricity: CEB Mauritius offers programs that allow you to feed excess solar energy back into the grid, earning you compensation for your contribution to the overall energy supply.

How can I make Mauritius more eco-friendly?

By the way: CEB's Carbon footprint is still over 80% fossil so taking action yourself can help accelerate Mauritius to become more eco-friendly. This kit is ideal for small Mauritian households with 2 air-conditioning devices, refrigerator, washer and a water pump.
