

Successful bid price of residential ESS project in Serbia 2026

Are property prices a problem in Serbia?

Few people in Serbia would put property prices at the top of their list of worries, though house prices were down by 4.1% (-8.1% in real terms) on the year, according to the Statistical Office of the Republic of Serbia. Economic and political issues are much bigger worries in this country, which has still not fully emerged from the bad old days.
