The component is leading by Tonga Power Limited. The civil and mechanical scopes are completed. Experts are being mobilized from NZ for the HV installation works. ... Battery Energy storage systems will be able to store ...

Niuafu'ou, Tonga: The community living on the remote island of Niuafu'ou, in Tonga's far north, can now access a 24-hour power supply, through a new solar mini-grid that was commissioned by Crown Prince Tupouto'a 'Ulukalala on Friday, 11 October, under the Tonga Renewable Energy Project (TREP).

It will provide 100% electricity accessibility to over 280 households on the island. The system is a hybrid of solar and thermal power, which will ensure a reliable and efficient supply of electricity, even during inclement weather. The OIREP project is the longest standing energy project in Tonga.
