

Turnkey Solar Inverter EPC contract price in Indonesia

What are the EPC/Turnkey contracts for most projects in Indonesia?

g EPC/Turnkey Contract for most projects in Indonesia are: 1. Time constraint to complete the project on time since the delay in completion may affect the operation of the system and consequently will delay collection of revenue.

Who are EPC contractors?

We are experienced Engineering, Procurement and Construction (EPC) contractors, having built some of the largest ground-mount and industrial rooftop solar PV systems in Indonesia. We offer the following EPC services: - Complete turnkey solar PV power plant services from design to commissioning - Owner's engineering

Why should we use EPC contract in Indonesia?

When time and cost are limited, an EPC Contract might be the best. Another reason for using EPC in Indonesia is the certainty of cost, which is better than the uncertain cost with huge additional costs and in order not to be suspected especially by the Anti Corruption Commission, the government super body to fight against the corruption.

By u

How is EPC tax collected?

The tax is collected largely through the withholding tax mechanism, whereby the project owner withholds income tax of 2.65 - 6 percent from every payment to the EPC contractor. The income tax base commonly is the gross income (contract value). A PE is also subject to Branch Profit Tax of 20 percent referring to the domestic Income Tax Law.
