How TEC is powering Tuvalu with renewable resources?

TEC has set a vision of "Powering Tuvalu with Renewable Resources" and this aligns well with the Tuvalu Government's target of 100% renewable energy by 2025. All the islands of Tuvalu are on 24/7 power supply and the access rate is 100%. The outer islands are powered by hybrid solar PV systems with diesel generators on standby.

What is the energy sector development project for Tuvalu?

The objective of the Energy Sector Development Project for Tuvalu is to enhance Tuvalu's energy security by reducing its dependence on imported fuel for power generation.

Where does Tuvalu electricity come from?

Tuvalu's power has come from electricity generation facilities that use imported diesel brought in by ships. The Tuvalu Electricity Corporation (TEC) on the main island of Funafuti operates the large power station (2000 kW).

What is the Tuvalu solar power project?

The Government of Tuvalu worked with the e8 group to develop the Tuvalu Solar Power Project, which is a 40 kW grid-connected solar system that is intended to provide about 5% of Funafuti's peak demand, and 3% of the Tuvalu Electricity Corporation's annual household consumption.

Tuvalu Energy Sector Development Project For the year ended 31 December 2020 The Tuvalu Energy Sector Development Project (TESDP) officially commenced on 25 February 2015 being the effective date of the IDA Grant D029-TV. The closing date ...

Once completed, the project will be Tuvalu's largest solar and battery storage asset. It will also be a strong foundation for further planned development projects, with Tuvalu targeting 100% renewable power generation by 2025. About 6,000 people ...

FUNAFUTI, TUVALU (20 November 2024) -- The Asian Development Bank (ADB) and the Government of Tuvalu today commissioned 500 kilowatt on-grid solar rooftops in Funafuti and a 2 megawatt-hour battery energy storage system (BESS) that will provide clean and reliable electricity supply to the country's capital and help achieve the government's ambitious ...

Tuvalu is a Polynesian island nation located approximately 1,000 km north of Fiji, to the west of the international dateline. Tuvalu is a chain of three reef islands and six true coral atolls. The highest point above sea level is 4.6 metres. Tuvalu's population of 10,837 (2012 census) and small land mass

The Government of Tuvalu has been passionately engaged in harnessing renewable energy solutions that align
