Who is Optima Solar Systems Limited?

Optima Solar Systems Limited provides a full suite of solar energy solutions, hybrid inverter installations, lithium-ion battery storage, and home security systems in Accra and across Ghana. Each service is designed to ensure energy independence, reliability, and maximum cost savings for our clients.

What is Optima solar?

Optima Solar provides advanced lithium-ion battery storage solutions for clients looking to store excess solar energy for later use, such as at night or during grid outages. Our lithium-ion batteries are known for their longevity, reliability, and low maintenance, making them an ideal choice for both residential and commercial installations.

Why should you choose Optima solar systems?

By choosing Optima Solar Systems, you're investing in a reliable, eco-friendly energy solution tailored specifically to your needs and supported by unmatched expertise and care. We understand that affordability is key to making clean energy accessible.

The Home Solar System Market is projected to grow from USD 67207 million in 2024 to an estimated USD 245851.62 million by 2032, with a compound annual growth rate (CAGR) of 17.6%

With manufacturing plants in Bath and Kuala Lumpur, a direct design and install company in Dubai, an expanding trade presence in Asia, and a growing partner network in the U.S., the company is a leader in the development and ...

As energy demands increase across Ghana, renewable energy is taking centre stage, with solar power emerging as the most viable and sustainable solution. From addressing frequent power cuts to reducing high electricity costs, solar energy offers unmatched benefits for both residential and commercial properties. At the forefront of this revolution is Optima Solar ...

Solar Panels Poly 72 Cells ASP 330W-350W, with efficiency up to 21% IP68 junction box for long term weather endurance High-quality aluminium frame, resisting load up to 5400 Pa and wind pressure up to 3800 Pa

Optima Solar Systems Limited is a distributor of quality solar products in Ghana. Our aim is to offer installers and resellers attractive prices on solar panels, solar light and solar ...

Introducing our 3kW solar system with 4 pieces of 12V 200Ah lead acid batteries, the perfect solution for off-grid power needs. This comprehensive system includes high-efficiency solar panels, a durable mounting structure, a reliable charge controller, and a robust inverter to convert solar energy into usable electricity for your home, cabin, or RV. The 3kW solar panels are ...

Introducing our powerful 10kW solar system paired with a massive 10kWh lithium-ion battery storage, setting a new standard for sustainable energy solutions. This comprehensive system includes top-of-the-line solar panels, a robust mounting structure, an advanced charge controller, a high-capacity inverter, and our cutting-edge lithium-ion battery storage technology. The ...

Optima Solar Systems Limited is a distributor of quality solar products in Ghana. Our aim is to offer installers and resellers attractive prices on solar panels, solar light and solar kits (solar ...

At Optima Solar Systems Limited, we continue to bring sustainable energy solutions to life. Our latest project features the installation of high-efficiency solar panels, paired...

At Optima Solar Systems, we specialise in solar panel and battery installations for residential customers across the country. With our expertise and commitment to sustainability, we are ...

Rated power: 5.3kWh Available power: 4.8kWh Battery capacity: 100Ah Battery pack connection: 1 ~ 6 packs in parallel Nominal voltage range: 51.2V (48-57.6V) Charge and discharge current: 75A / 0.75C (max 75A) Protection class: IP 54 size (W * D * H mm): 380 * 170 * 610 Weight: 45kg Warranty period: 10 years warranty

Welcome to Optima Solar Systems Limited, your one-stop solution for all your solar, home automation, and security system installations in Ghana. We pride ourselves on being experts in these fields, offering a wide range of high ...

STRONG FEATURES: This smart lock will allow you to lock or unlock your door from anywhere by using your phone with a supporting Smart Home System. The single bolt is adjustable and it Sales Hot Lines: 030 396 0134/ 050 502 3472/ 053 167 ...

Optima Solar Systems Limited is a distributor of quality solar products in Ghana. Our aim is to offer installers and resellers attractive prices on solar panels, solar light and solar kits (solar panels, inverters, mounting and ...

Solar can be set as the priority energy source to save electricity costs. The Any-Grid PSW-H can function in a battery-free mode. In this mode, for installations with stable public grids, grid energy consumption can be reduced without the need to invest in a costly battery bank.

Company profile for solar component seller Optima Solar Systems Ltd - showing the company's contact details and which brands they sell. ... Optima Solar Systems Ltd 33 Sir Arku Korsah Road, Airport Residential Area, Accra Click to show company phone <https://optimasolarsystems> ...

Gyroscope style Schedule the cleaning route Product size(?*H):300*75mm Vacuum pressure:700~1000Pa Charge Voltage:110V-240V~50/60Hz Working time:50~70min Charging time:3~5H 2000mAh Lithium-Ion batteries Only

Bifacial Module with Transparent Backsheet technology, up to 20% power gain depending on albedo and PV system design Bifacial:JKM550N-72HL4-BDVP P-type cells are resistant to light-induced degradation. This immunity leads to a longer carrier lifetime of the cell and a more efficient, powerful system, have a higher temperature tolerance.

Introducing our cutting-edge 5kW solar system with 5kWh lithium-ion battery storage, designed to revolutionize your energy independence. This comprehensive system features high-efficiency solar panels, a sturdy mounting structure, an advanced charge controller, and a state-of-the-art inverter, all seamlessly integrated with our high-capacity lithium-ion battery storage solution. ...

The Phocos Any-Grid™ PSW-H Inverter Charger Series (Pure Sine Wave Hybrid) represents Phocos' most versatile line of inverters/chargers. Flexibility and reliability are key characteristics of this product line, with a strong potential for cost-saving opportunities in real-world conditions.
