Appeals for the Armed Forces (Pet. App. 4a-60a) is reported at 80 M.J. 1. The opinion of the Navy -Marine Corps Court

Table 1 below summarizes the potential applications for BESS in the electricity system, as well as whether the application is currently valued in U.S. electricity markets (Denholm 2018). Figure 2 shows the cumulative installed capacity (MW) for utility-scale storage systems in the United States in 2017 by the service the systems provide.

JUSTICE WHITTAKER concur in the opinion of the Court insofar as it holds that the United States had a valid lien [357 U.S. 51, 60] against the cash surrender value of the insurance policies involved here which was enforceable against the beneficiary, Mrs. Bess. They would also affirm the judgment of the Court of Appeals on the basis of the ...

Summary. In Bess, the Court found that the risk COVID-19 posed to a defendant constituted an extraordinary and compelling reason to reduce a sentence imposed before the pandemic, where that defendant was 64 years old, with "a host of serious medical impairments, " including "severely limited heart function, " and where the defendant was in custody at a facility ...
